

New!

Introducing the

PAN DESSERT TOTE™

THE PAN DESSERT TOTE™ is a Patent Pending dual purpose bag. It is a pie/cake box carrier and reusable shopping bag in one. It can turn from a pie/cake box carrier to a reusable shopping bag in seconds!

SINGLE OR MULTIPLE PIE/CAKE BOX CARRIER

It is a new concept that allows you to easily load and remove single or multiple pie/cake boxes from the lateral side opening. This unique box carrier keeps your pie/cake boxes locked-in and perfectly flat. It prevents pie/cake boxes from spilling out while carrying or shifting when driving in your car. The easy grip handle allows you a free hand to conveniently do other things (carry other items, handle keys, open doors, etc.). Add side pockets to store cutlery, napkins, etc.

REUSABLE BAG

Just Reuse It! Secure one of the handle straps to the bottom of the bag and create a Reusable Bag in seconds (literally!). It is great to use for picnics, at the grocery store or beach, on road trips, etc. The bag has a large capacity and a reinforced bottom for extra strength. It is a great Marketing Tool to advertise your business. Let your customers be your walking billboard. Use the bag with customers as an in-store sale item or promotion. Encourage repeat business when customers reuse and bring back their bag.

FEATURES

- PATENT PENDING
- Reusable
- Affordable / Economical
- Easy to use. Simple. User friendly
- Light weight
- Soft and Flexible
- Collapsible and Foldable
- Easy storage
- Convenient
